ARGUS CLOUD™

Elevate ARGUS Enterprise to new heights

Explore cloud based infrastructure, intelligent analytics and powerful new tools

SOFTWARE SOLUTIONS

ARGUS CLOUD™

The next generation of ARGUS has arrived – Extend ARGUS Enterprise with cloud based infrastructure, intelligent analytics, powerful integrations and all new ARGUS applications.

ARGUS Developer

A single platform for end-to-end management of real estate development projects that keeps stakeholders informed with ease.

ARGUS acquire™

Enable your team to efficiently construct sound financial models, pitch winning deal strategies, and meet capital deployment targets.

ARGUS Taliance

Collaborate, model scenarios, optimize your investments and improve your operational performance processes in a secure, consistent and auditable platform.

ARGUS Enterprise®

The global standard for property valuation and most comprehensive asset and portfolio management solution in the world.

ARGUS Voyanta

Centralized data, detailed analytics, and complete portfolio transparency. Gain deeper insight and manage risk across your entire portfolio.

ARGUS CLOUD™

Supercharge ARGUS Enterprise with endless collaboration, intelligent analytics, powerful integrations, and all new ARGUS applications.

ARGUS acquire™

Build a faster, more efficient acquisitions team. Construct sound financial models, pitch winning deal strategies, and meet capital deployment targets.

ARGUS Enterprise®

Solve industry challenges across the entire CRE lifecycle with comprehensive asset and portfolio management and the global standard for property valuation.

ARGUS Developer

The trusted name in development feasibility and pro forma management. Maintain investor confidence and deliver expected returns with unparalleled transparency.

ARGUS Taliance

All your investment structures in the most flexible modelling and decision-making solution. Achieve new levels of efficiency, consistency and auditability.

ARGUS Voyanta

Collect, validate and organize incoming data from property managers, spreadsheets and other external sources for use in ARGUS Enterprise and your critical backend systems.

Put ARGUS Cloud at the heart of your business strategy.

Cloud-based storage and access – Reduce AE's IT footprint, and easily collaborate worldwide with instant access to multiple AE instances anywhere, any time. It's simple, secure, and backed up automatically.

Online Portfolio and Property Analytics – Untether your AE data with ARGUS Cloud's powerful browser-based analytics tools. Find hidden insights across all of your properties and test assumptions with a few easy clicks.

New integrations and Workflows – ARGUS Cloud leverages AE data to power a fast growing suite of ARGUS web apps specific to your business needs and connectors that reliably integrate third party software or your homegrown solutions.
